

Enlightened Animals

Waiver of Understanding/Agreement

I, the pet owner/authorizing caregiver of the animal/person receiving the healing/communication techniques, acknowledge that holistic healing therapies and allopathic medical treatments can work in tandem to promote an individual's healing experience.

I understand that Ellen's work does not substitute for veterinary or medical care. I agree to consult a licensed veterinary or medical professional in cases of serious physical, mental or emotional illness. Ellen will refer me to a holistic veterinarian or medical doctor, but she will not make assumptions, diagnoses or prescribe medications.

I understand Ellen is not a licensed veterinarian or M.D., and thereby waive all rights to any cause of action against Ellen or her assigns or beneficiaries, or Enlightened Animals, LLC, resulting from her work on the animal/person receiving energy or communication work. This waiver also binds my agents, assigns, and beneficiaries.
